**Breakthrough Product
Virtually Eliminates
Overnight Engine Idling**

**Install a *NITE System* in your truck
and save thousands a year on fuel
and maintenance costs.**

**The NITE System pays for itself
from day one by saving you
more than your monthly investment!**

No-idle is not only a necessity with the high cost of fuel these days, but it is also a requirement in most places. Bergstrom's **NITE (No-Idle Thermal Environment)** system will keep the sleeper compartment cool in the hot weather and warm when it's cold outside without idling your truck. The result is year-round comfort for the driver, tremendous fuel savings and reduced engine wear from eliminating overnight idling

**Kysor has the revolutionary
NITE™ System
(No-Idle Thermal Environment)
that provides
year-round sleeper comfort
without engine idling,
engineered and manufactured by
Bergstrom, Inc.**

SALE PRICE \$2,500.00 Call for installation 4 Battery System.
This price is for in-stock kits only.
